WORK EXPERIENCE

2ulaundry.com

Full Stack Developer (100% Remote)

Feb. 2020 – Present

Charlotte, NC

I have contributed to the success of developing high-value software solutions that meet customer needs, such as mobile applications and BackOffice for different areas, such as Administration, Customer Service, Marketing, and Operations.

Some of my contributions:

- Developing the continuous integration flow with Bash scripts and Docker files.
- Developing a payment integration with Stripe API.

Rextie.com

Full Stack Developer

Sept. 2018 – Feb. 2020

Lima, Peru

I had the privilege of building an advanced web page that achieved a significant impact on thousands of clients by saving money.

Some of my contributions:

- Developing scrapers with microservices to track the dollar exchange rate in Peru.
- Integrating and configuring Google Tag Manager and Google Analytics.
- Developing landing pages in Angular 6-8.
